

# CERTIFICATE OF NON-OBJECTION

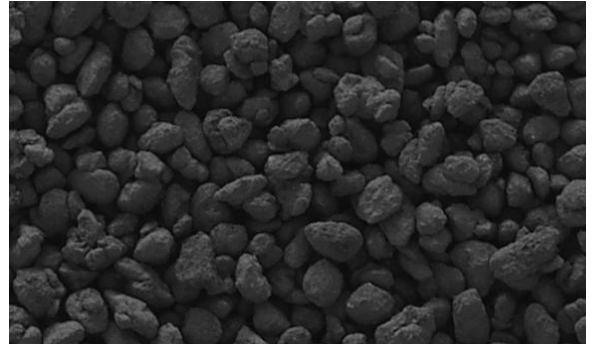

Water Quality Association  
4151 Naperville Road  
Lisle, IL 60532, USA

## Greater TSS & TDS reduction

- Reduces Turbidity < 3 micron
- Greater Surface Area
- Long lasting media (7 - 10 years)
- Not consumed in process
- Contains NO Crystalline Silica

Katalox Light® is an advanced catalytic filter material used for filtering out dirt, sediments, suspended solids (down to 3 micron) and to remove Iron, Manganese, Hydrogen sulfide, Arsenic, Fluoride, Zinc, Copper, Lead other Heavy metals and radionuclide like Uranium, Radium from drinking water, process water and irrigation water.

We hereby certify that Katalox-Light® media doesn't contain any compounds, metals or heavy metals in its composition which are hazardous, toxic or carcinogenic.

Katalox-Light® is ANSI/NSF Standard 61 certified by WQA, USA to meet the requirements of non-hazardous material safety when coming in direct contact with drinking water applications.

The water treated by Katalox-Light® is absolutely safe for human consumption, plants and aquatic life forms.
