O₂ - LOGIC®

System

24 Hours a Day, 7 Days a Week, 365 Days a Year

- Without any E-Cylinders
- Without Electricity
- Without any Residuals

by Deepak Chopra
When you breathe in air, blood cells receive oxygen and release carbon dioxide (CO₂). CO₂ is a waste product that is carried back through your body and exhaled. When there is less oxygen in the room you may sense that your breathing is not as productive as it should be and you feel a little short of breath. You immediately experience:

- Dizziness
- Numbness
- Headache
- Panic disorder
- Feeling Faint
- Sensation of choking
- Rapid heartbeat
- Chest pain

These symptoms can be quite frightening and lead to troubling emotional symptoms, including increased anxiety, panic, and fear.

What about breathing easier with O₂ Logic®?
O2 LOGIC is the most efficient source of oxygen. The amount of 30% of $\text{H}_2\text{O}_2$ in the granules of O2 LOGIC corresponds to a significant amount of released oxygen.

Oxygen generation using O2 LOGIC with KATALOX-LIGHT

See more on our website [click here]
Oxygen generation using **O₂ LOGIC**

- 10 grams (a table spoon) = produces 1.2 liters of Oxygen Gas

Actually, more oxygen can be obtained from the **O₂ LOGIC** in Katalyzed Container (...) than from a pressurized (150 bars) oxygen gas cylinder of the same total weight (steel cylinder weight included). Moreover **O₂ LOGIC** in Katalyzed containers is without pressure and is absolutely safe.

**Example:**

For a 3 bed rooms house, 1000 days/3 = almost one year for each room
2.0 O₂ LOGIC® Systems

( Improving living and working conditions )

Oxygen (O₂) Enrichment of Room Air to Improve
Well-being, Productivity in each room at ✓ Home
✓ Office
✓ Facility
✓ Building
✓ School
✓ University
✓ Hotel
✓ Hospital
✓ Restaurant

Immediately improves
✓ Work efficiency
✓ Mental performance
✓ Productivity
✓ Health
✓ Sleeping quality
✓ Asthma
✓ Mountain sickness

O₂-LOGIC SYSTEM
by DEEPAK CHOPRA

24 hrs/7 Days System

25% - 26%

THIS UNIQUE INNOVATIVE TECHNOLOGY PROMISES
a real change in your life-style
The use of O₂ LOGIC® to stay Healthy makes sense. The main function of the Lung is the exchange of respiratory gases. O₂ LOGIC® is to cure

- Chronic bronchitis
- Lung diseases
- Oxygen inhalation therapy
- Hypoxia
- Cure all allergies

During rest, During exercise and During sleep and also During work, O₂ LOGIC® can relief lungs and can impair the transfer of oxygen (O₂) from the increased oxygen in the room atmosphere to the blood.
Conventional Treatment Costs Worldwide

Total Medicare reimbursement for costs related, exceeds $40 Billion/year and are increasing at an annual rate of 15% to 20% (Published Data). This figure is a reasonable estimate to the cost of Long Term Oxygen Treatment (LTOT) for patients with lung diseases in the world. In a given year, approximately 30 million patients receive LTOT through medical program.

Only **O2 Logic** can lead to substantial cost savings with compromising patient survival or **Well-Being**. There is no other alternative to **O2 Logic** which is beneficial and leading to decrease in costs of **BEST HEALTH CARE**.
Invention of O2 LOGIC®

The O2 LOGIC® invention is directed to a pure Oxygen source and the Air-cleaning. Therefore using O2 LOGIC® in combination with pure KATALOX-LIGHT presented in a safe-form to realize maximum Oxygen benefits from the O2 LOGIC®.

The concept of passing O2 LOGIC® through a Katalyst to decompose the O2 LOGIC® to water and oxygen has been combined with the introduction of a cleaning substance “O2-LOGIC Water”. This cleaning substance may be one of a very high quality cleaner, which can be used as a cleaning and disinfecting agent for the whole house without any environmental problems.
As described on the previous section (sec. 3.0) there is no contamination or environmental issues with this product from O₂-LOGIC Water. You can make your household cleaner and much safer by substituting O₂-LOGIC Water for all other dangerous chemicals. Food grade O₂-LOGIC Water has only pure grade of additives that is safe for use in destroying organics contamination and it breaks down to the most beneficial disinfection cleaner.

**Suggested Usage:**

- Dilute to the ratio of 1:5
- Mix one liter of O₂-LOGIC Water with five liters of Tap Water.
3.2 O₂ LOGIC® Water

Potential Uses of diluted O₂ LOGIC® Water

- As a produce wash, to keep vegetables and fruits fresh for long.
- For washing windows, kitchen and other floors and surfaces.
- To brighten laundry and reduce strains.
- For cleaning and disinfection of carpets.
- Stripping wooden furniture and cleaning wooden decks.
- Mold removal.
- To clean swimming pools and SPAs as an alternative to other dangerous chemicals.

This is just Great for cleaning anything!

Please Note: Only for cleaning and disinfection. Not for consumption!
